Tax of One Mill.

On motion of Mr. Adams it was voted that it be the sense of the meeting that on assessment tax of one mill be levied upon the county for the improvement and maintenance of the road through county between Salt Lake City

and Ogden. The meeting was carried on with a great amount of enthusiasm and the heartiest good will and harmony prevailed throughout. The representatives of the different cities were evidently there for business, and carried every-thing forward with a vim. The ques-tion of what should be done to improve the roads was thoroughly discussed. It was the sense of the meeting that the road between Salt Lake City and Og-den be divided into districts of short distances, each pertion to be under the supervision of a man who should patrol and see that it was kept in good conmatter personal attention the road could be maintained in good condition with the least expense and trouble, and after the initial expense had been met in placing the road in good condition it would be comparatively easy to so maintain it. The farmers along the highway would be warned to keep the irrigating waters off the road, and the Matters regarding the proper surfacing and grading were also discussed at some length, and the proper kind of material to be used in making a roadbed thoroughly considered.

Meeting of Supervisors. It is proposed to hold a meeting of the different supervisors selected as soon as possible, and to take the neces-sary steps to bring to the attention of the county commissioners and other city and county officials the proper things to be done, so that the work can be started at once. A meeting of officials from Salt Lake City and county will be held at the office of the Automobile club Friday night, and another meeting will be held in Ogden Monday. On that day a tour of Davis county will be made in automobiles with the county commissioners and the supervisors from Salt Lake county and eity, so that all of the different officials may become thoroughly convers-ant with what is necessary to be done that the work may be started at once. Mayor A. L. Brewer of Ogden has already signified his interest in the movement and will appoint a representative as soon as possible. The representative from Salt Lake City will be appointed by Mayor Bransford.

Mrs. French, who has been exceedngly nervous during the trial of her action against her husband, broke down at this point, but finally regained her composure sufficiently to reply that she didn't know. Mr. Smith then asked her if she would hold a conference with her husband, and her reply was that she would if everybody took part.

The matter was allowed to rest here until after the noon recess, at which time Mr. Smith wanted to know what, if any, action had been taken in the matter by Mrs. French and her counsel. In behalf of Mrs. French, William Storey, one of her attorneys, then said to the court that in view of Mr. French's treatment of his wife for the past two years, and in view of the attack which he made upon her character during the trial of the case, she would not accept his offer.

Asks for Dismissal.

Upon this announcement being made, Mr. Smith immediately arose and moved that Mrs. French's action be dismissed. Mr. Smith said in support dismissed. Mr. Smith said in support of his motion that no differences had arisen between Mr. and Mrs. French that could not be settled. It was apparent from the testimony, he declared, that Mrs. French had never been willing to come to Salt Lake City and live with her husband, and she was not entitled to support if she was living apart from him without his consent, unless he had done something which unless he had done something which she could not forgive. Allusion was then made to the fact that Mrs. French made serious charges against her hus-band in her complaint, which charges, however, had been withdrawn, and Mr. Smith did not think it was "up" to Mr. French to run around and greet his wife upon her arrival in the city. Rather, he thought, Mr. French was entitled to an apology.
